

Womenswear Assistant Garment Technologist

Overview

Reports to: Women's Garment Technologist

Location: London

We have an amazing opportunity for a full time Assistant Garment Technologist to join our team to manage Mountain Warehouse women's casual clothing (Jersey and Woven).

What you'll be doing

- *Managing the quality and fit for women's casual clothing.*
- *Running fit meetings to drive consistency and improvement.*
- *Driving innovation in product, performance, and sustainability through benchmarking and technical advances.*
- *Integral part of the buying team, working with the Garment Technologist to advise on technical and sustainable suitability of fabric, construction and fit.*
- *Managing your categories testing and AQL programme.*
- *Monitoring returns data to spot patterns and poor performance to deliver improvements.*
- *Building supplier relationships to influence quality and fit.*

We'd love to meet someone with

- *At least 2 years in an assistant technologist role.*
- *Capable of fitting unaided.*
- *Experienced at testing review.*
- *Good data management reporting skills.*
- *Experience of working with offshore suppliers.*
- *Good influencing, negotiation, and communication skills.*
- *Team player capable of working under pressure to deadlines.*
- *Organised, methodical with great attention to detail.*

What's in it for you?

- *Competitive salary and benefits package*
- *50% staff discount & 25% for family and friends*
- *Private medical insurance*
- *Pension scheme*
